Friday Breakouts: Three to choose from

Track #1: Choosing Mary's Place

Doug and Margie Newton teach from their life of reorienting our lives around prayer. You'll experience new confidence and competence in your prayer life through engagement with key passages of scripture.

Track #2: Community Transformation

Steve Beaumont will guide a time of learning to pray as we listen to the Holy Spirit, then going into the community, being on location with great intention as we pray. You'll go home ready to pray powerfully for your community.

Track #3: Intercession Foundations

John Piippo has devoted his 40+ years of pastoral ministry to a life of praying and guiding the "presence-driven church." He'll teach on the inner transformation that opens the way to a powerful life of intercession.
